About the American Chamber of Commerce in Uganda

The American Chamber of Commerce in Uganda is a non-profit professional association founded in December 2008 by American investors in Uganda with interests in fostering and promoting greater commercial and cultural ties, cooperation, and dialogue between Ugandan and American firms and related professionals. Our membership is tailored to the top leadership of firms – either CEO’s or MD’s – and we currently host over 40 of the country’s top performing firms.

Membership in our association is open to American firms, multinationals, and local firms with strong business ties and interests with the United States. Some industries represented in our membership include the Energy, Manufacturing, ICT, Food & Beverage, Communications, and Insurance sectors, among others.

The American Chamber of Commerce in the United States was founded in 1977 as a U.S based non-profit association. There are over 105 independent regional offices operating in 100+ countries throughout the world.

Our primary goal is to be a collective voice of US interest and investment in Uganda.

Annex 3 – Member Survey

The American Chamber of Commerce in Uganda is in the process of enhancing the value and service delivery to its members. Part of this process is gathering relevant information that we can aggregate and then define who we are as a professional association. No information will be used individually or shared with any other member. Only Board Members of the Chamber will have access to this information. After our initial data collection of member information, we will continue to collect data from our membership on a semi-annual basis so that we can better communicate your needs in our lobbying, advocacy, and marketing campaigns.
